12TH AND F STS. | Clothes, Furnishings, Hats, Shoes

We're after the School Trade--

and we are going to make a great effort to secure a large portion of it. Our shoes are of the right kind to suit both the parents and children, and in order that the price may be more than right we have decided to make a discount of 10 per cent on all Missas' and Children's School Shoes. You can't go wrong in bringing the children here—children like our shoes—they look well, wear well and the price suits the parents' pocketbooks. We have shoes for all school occasions, from the roughest kind for hard wear to the slipper for housewear, and the dainty shoes for the dancing class. This 10 per cent discount goes into effect Monday morning and will continue until school opens. When you are fitting the children out wo want you to remember us—particularly where there are a number of children, for 10 per cent then means a saving of considerable money. a saving of considerable money.

The Jenness Miller Shoe.

Of course, you know we own this shoe, which is approved and made from the model invented by this famous woman dress reformer. There are numer-ous imitations, some in Washington. None are genuine unless they bear the name "Jenness Miller" on the sole and in the lining. Be especially careful about this. We make them in wide, common-sense and house boot styles—85

Sergeant Lombardy and Patrolmen Kim nell and Estes, of the Sixth precinct, raided a speak-easy that was being conducted in a vacant stall in Green's livery stable on Cstreet between Sixth and Seventh

During the scuffle that ensued when the officers made their presence known. Kimmell received a severe blow on the right eye, and was knocked down in a stall and tramped on by a horse. Estes was also

handled pretty roughly.

Marshall was charged with keeping an unlicensed bar, and the others were held as United States witnesses. The case will be heard in the police court to-day.

Opening of the Roman Fetes.
